ITINERARY

PLEASE NOTE: All itineraries are for guidance only. Programs may vary depending on local ice, weather, and wildlife conditions. The on-board expedition leader will determine the final itinerary. Flexibility is paramount for expedition cruises. The average cruising speed of m/v Hondius is 10.5 knots.

Day 1: End of the world, start of a journey

Your voyage begins where the world drops off. Ushuaia, Argentina, reputed to be the southernmost city on the planet, is located on the far southern tip of South America. Starting in the afternoon, you embark from this small resort town on Tierra del Fuego, nicknamed “The End of the World,” and sail the mountain-fringed Beagle

Included in this voyage

Voyage aboard the indicated vessel as indicated in the itinerary

All meals throughout the voyage aboard the ship including snacks, coffee and tea.

All shore excursions and activities throughout the voyage by Zodiac.

Program of lectures by noted naturalists and leadership by experienced expedition staff.

Channel for the remainder of the evening.

Day 2 – 3: Path of the polar explorers

Over the next two days on the Drake Passage, you enjoy some of the same experiences encountered by the great polar explorers who first charted these regions: cool salt breezes, rolling seas, maybe even a fin whale spouting up sea spray. After passing the Antarctic Convergence – Antarctica’s natural boundary, formed when north-flowing cold waters collide with warmer sub-Antarctic seas – you are in the circum-Antarctic upwelling zone. Not only does the marine life change, the avian life changes too. Wandering albatrosses, grey-headed albatrosses, black-browed albatrosses, light-mantled sooty albatrosses, cape pigeons, southern fulmars, Wilson’s storm petrels, blue petrels, and Antarctic petrels are a few of the birds you might see.

Day 4 – 7: Entering Antarctica

Gray stone peaks sketched with snow, towers of broken blue-white ice, and dramatically different wildlife below and above. You first pass the snow-capped Melchior Islands and Schollaert Channel, sailing between Brabant and Anvers Islands.

Sites you may visit include:

Danco Island – Activities here may focus on the gentoo penguins nesting on the island, in addition to the Weddell and crabeater seals that can be found nearby.

Neko Harbour – An epic landscape of mammoth glaciers and endless wind-carved snow, Neko Harbour offers opportunities for a Zodiac cruise and landing that afford the closest views of the surrounding alpine peaks.

Paradise Bay – You may be able to take a Zodiac cruise in these sprawling, ice-flecked waters, where there’s a good chance you’ll encounter humpback and minke whales.

Pléneau & Petermann Islands – If the ice allows it, you could sail through the Lemaire Channel in search of Adélie penguins and blue-eyed shags. There is also a possibility you’ll encounter humpback and minke whales here, as well as leopard

Free use of rubber boots and snowshoes.

Luggage transfer from pick-up point to the vessel on the day of embarkation, in Ushuaia.

Pre-scheduled group transfer from the vessel to the airport in Ushuaia (directly after disembarkation).

All miscellaneous service taxes and port charges throughout the programme.

Comprehensive pre-departure material.

Any airfare, whether on scheduled or charter flights

Pre- and post- land arrangements.

seals.

Port Lockroy – After sailing through the Neumayer Channel, you may get a chance to visit the former British research station – now a museum and post office – of Port Lockroy on Goudier Island. You may also be able to partake in activities around Jougla Point, meeting gentoo penguins and blue-eyed shags. There are great opportunities also for kayaking and camping here, and when conditions are right, you can even snowshoe around the shore.

Wilhelmina Bay & Guvernøren – This is a great place to spot humpback whales. You also may embark on a Zodiac cruise ending at the ghostly wreck of the Guvernøren, a whaling vessel that caught fire here in 1915. Around the Melchior Islands, amid a frozen landscape peopled with icebergs, you may encounter even more whales, leopard seals, and crabeater seals.

Conditions on the Drake Passage determine the exact time of departure.

Day 8 - 9: Familiar seas, familiar friends

Your return voyage is far from lonely. While crossing the Drake, you're again greeted by the vast array of seabirds remembered from the passage south. But they seem a little more familiar to you now, and you to them.

Day 10: There and back again

Every adventure, no matter how grand, must eventually come to an end. It's now time to disembark in Ushuaia, but with memories that will accompany you wherever your next adventure lies.
