

FOUR ARCTIC ISLANDS

- From Spitsbergen to Iceland

12 days | From only USD 4,690 | Departure: 23 July 2021

ALBATROS
EXPEDITIONS

This epic journey combining the four islands of Spitsbergen, Jan Mayen, Greenland and Iceland showcases the uniqueness and splendor of the Arctic nature.

Onboard Albatros' Ocean Atlantic we venture out of Longyearbyen aiming for the north east corner of Spitsbergen. As well as make Zodiac landings, we hope to get close to the pack ice coming down from the North Pole, the favorite hunting ground for polar bears.

On our way to Greenland we will cruise along the pack ice before continuing to the enigmatic Jan Mayen island. From here it is onwards to Ittoqqortoormiit (Scoresbysund) and the deep fascinating fjord system behind. Crossing the Denmark Strait to the capitol of Iceland, Reykjavik before disembarking right in the city center.

Enjoy the immense beauty of the Arctic on this adventure cruise among whales, walrus, polar bears and millions of sea birds. Experience high summer in the Arctic with Ocean Atlantic - one of the few ice-class expedition ships built to withstand the North Pole's pack ice.
