

GREENLAND'S DISKO BAY

6 days | From only USD **2,890** | Departures: 14, 19 & 24 August 2021

ALBATROS
EXPEDITIONS

Onboard MV Ocean Atlantic we will cruise alongside glacial landscapes, whales, the ever-present Northern Fulmar seabird and a multitude of fascinating settlements.

This is just a small taste of all you can expect on this first-class expedition cruise. Navigating along Greenland's old inter-coastal routes, we can indulge in the multitude of beautiful natural wonders, including "Iceberg Capital of the World", Ilulissat, and the nearby UNESCO-protected Icefjord.

We will pay a visit to the small town of Qeqertarsuaq on mountaineous Disko Island where we can experience the "Kaffemik" tradition in the community house, and we'll cruise close to the calving glacier of Eqip Sermia. We will even make a call to the Polar Circle settlement of Sarfannguit.

ITINERARY

- Day 1** Flight Keflavik - Kangerlussuaq
Embarkation in Kangerlussuaq
- Day 2** Sisimiut. Experience Greenland's second-largest city at the foot of Nasaasaaq Mountain
- Day 3** Qeqertarsuaq on Disko Island. Enjoy a traditional Greenlandic 'kaffemik'. We continue to the famous calving glacier, Eqip Sermia.
- Day 4** Ilulissat, Iceberg Capital of the World.
- Day 5** Tiny settlement of Sarfannguit
- Day 6** Kangerlussuaq, disembarkation. Return flight from Kangerlussuaq to Keflavik, Iceland.
