

# SOUTH SHETLAND & THE ANTARCTIC PENINSULA

10 days | From only USD **6.990**

Departures: 2022: Nov. 19 & 28, Dec. 7 | 2023: Jan. 4, Feb. 18

Departing Ushuaia in Argentina, we cross the mighty Drake Passage en-route for the South Shetland Islands, making Zodiac landings at penguin rookeries, research stations and fascinating lookouts along the way. Continuing southward, deep into the inlets of Antarctica, we pass the famous Gerlache Strait, where 3000-ft ice cliffs rise straight out of the still water. On no other journey can you experience so much pristine nature and varied wildlife in so few days!

When Ocean Atlantic returns to Tierra del Fuego and Ushuaia, we pass close to the mythical Cape Horn – the southernmost point of South America; a celebrated maritime landmark.

Any voyage to Antarctica is an adventure, but with a maximum capacity of 198 guests aboard Ocean Atlantic, this cruise offers a unique experience for the few.

Shore landings, excursions, lectures and whale safaris are easily accommodated to help you enjoy a matchless expedition experience.
