

FALKLAND, SOUTH GEORGIA & ANTARCTICA

ALBATROS
EXPEDITIONS

19 days | From only USD **14,500** | Departure: 02 March 2022

On this extraordinary 18-day voyage, follow in the wake of courageous explorer Sir Ernest Shackleton to Antarctica and the South Shetlands before heading via Antarctic Sound, Weddell Sea and Elephant Island to South Georgia.

We will explore the Antarctic Sound with its mighty tabular icebergs and enter the Weddell Sea in search for Adelie and Emperor penguins.

Sailing onwards between South Georgia and Elephant Island offers a small glimpse into the passage made famous by Shackleton 100 years ago, when he navigated the 1300km course through open seas of Drake Passage in an effort to save his stranded crew. Active research stations, former whaling stations and a visit to Shackleton's final resting place are in our agenda. South Georgia is also home to the world's largest king penguin rookeries.

The sub-Antarctic and Antarctic islands are a nature photographer's paradise and we will attempt as many shore landings as possible per day, weather conditions permitting, bringing you close to Antarctica's beauty. During our days at sea, a variety of onboard edutainment activities, from lectures to workshops and wildlife spotting, will be possible.
