

FOUR ARCTIC ISLANDS

- showcasing the uniqueness and splendor of the Arctic nature

ALBATROS
EXPEDITIONS

11 days | From only USD **6.790** | Departure: July 19, 2023

This epic journey combining the four islands of Svalbard, Jan Mayen, Greenland, and Iceland showcases the uniqueness and splendor of the Arctic nature.

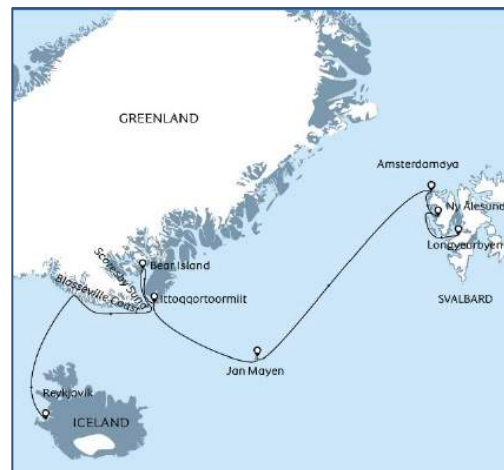

The goal of this Albatros expedition is to sail as close as possible to the pack ice from the North Pole the polar bear's favorite summer residence.

How far north we reach, and the exact route up there will depend on the ice conditions. However, the many amazing locations along the west coast of Svalbard are for sure kept navigable by the warm Gulf Stream.

On our way to Greenland, we will cruise along the pack ice before continuing to the enigmatic Jan Mayen Island. From here it is onwards to Ittoqqortoormiit (Scoresbysund) and the deep fascinating fjord system behind.

Crossing the Denmark Strait to the capitol of Iceland, Reykjavik before disembarking right in the city center.

Enjoy the immense beauty of the Arctic on this adventure cruise among whales, walrus, polar bears, and millions of sea birds. Experience high summer in the Arctic with the newly built Ocean Albatros - one of the few ice-class expedition ships built to withstand the North Pole's pack ice.

ITINERARY

- 1 Longyearbyen. Embarkation.
- 2 Kongsfjorden, Ny Ålesund and Lilliehöök Glacier.
- 3 Former whaling station at Smeerenburg. Ytre Norskøya.
- 4 Cruising towards the pack ice, polar bear country.
- 5-6 We make a shore landing by zodiacs on Jan Mayen, at the foot of the 2200 meter Beerenberg Volcano
- 7-8 Scouting the pack ice, Ittoqqortoormiit and the fjord of Scoresbysund, Northeast Greenland.
- 9-10 Blosseville coast. At sea towards Iceland.
- 11 Reykjavik arrival and disembarkation.

INCLUSIONS

- 11-day/10-night cruise with Ocean Albatros in shared exterior double stateroom with bathroom/toilet
- Charter flight Oslo-Longyearbyen.
- English-speaking expedition team.
- Nature hikes and Zodiac cruises as per itinerary when conditions permit.
- Guided walk in Ny Ålesund and Ittoqqortoormiit
- Information briefings and lectures by expedition team
- Full board on ship
- Free coffee, tea, and afternoon snacks on the ship
- Taxes, tariffs and AECO fees
- Guiding and lectures by our experienced expedition leader and team
- Special photo workshop
- Welcome and farewell cocktails.
- Digital visual journal link after voyage, including voyage log, gallery, species list and more!

HIGHLIGHTS

- Experience four vastly different Arctic islands
- The remote island of Jan Mayen
- Ittoqqortoormiit, remote Inuit town in East Greenland
- Far into Scoresbysund, world's greatest fjord system
- Zodiac cruises in the fjords and nature walks on the tundra.
- Very good chances of seeing polar bears as well their main prey, seals.
- Ocean Albatros' inverted bow and automatic stabilizers ensures excellent stability in heavy sea.
- Ocean Albatros exceeds the highest environmental standards and has less than half the carbon emission per passenger of
