Join us on an expedition cruise from Reykjavík to Kangerlussuaq, which follows the same maritime course set by Norse settlers over a thousand years ago. After crossing Danmark Strait between Iceland and Greenland, we will visit Skjoldungen island on the Greenlandic east coast. Further south we will pass from East Greenland to West Greenland through the dramatic Prince Christian Sound.

Heading north along the coast we will visit the capital of Greenland, one of the smallest in the world. In the Disko Bay, we will experience local folk dancing in Qeqertarsuaq and sail to the renowned Eqi Glacier. At the Sermermiut Plain we will have the chance to admire the World Heritage Site of the Ilulissat Icefjord and the dazzling icebergs in the late evening sun.

Finally, we enter the long fjord of Kangerlussuaq, where we can hope for a glimpse of the muskoxen and reindeers roaming the tundra along the Greenland Icecap.
