Itinerary & Excursions

🚢 14 PORTS 🏴 2 COUNTRIES

Not only do we take you to some of the most remote and remarkable countries – this Arctic and Greenland expedition being no exception – but our team of highly trained skilled leaders make the journey so very interesting! From taking a Zodiac ride through the impressive icebergs of Disco Bay to learning all about the fascinating Inuit heritage of Nuuk – thought to be 4,000 years old, Silversea’s experts make sure that every moment matters on this trip.

ARRIVAL 06:00

When travelling in remote regions tide, wind, ice and weather conditions determine the details of our itinerary. While we will do our best to maintain all suggested activities, some of these may be subject to change. Come with an open mind and a great sense of adventure, together we can turn any voyage into a wonderful Expedition. We invite guests to visit [my.silversea.com](https://www.silversea.com) 180 days prior to sailing for the most updated information.

Suites & Fares

Silversea's oceanview suites are some of the most spacious in luxury cruising. All include the services of a butler thanks to the highest service ratio at sea and almost all have a private teak veranda so that you can breathe in the fresh sea air by merely stepping outside your door. Select your suite and Request a Quote - guests who book early are rewarded with the best fares and ability to select their desired suite.

Ship - Silver Cloud

After extensive refurbishment, Silver Cloud is the most spacious and comfortable ice class vessel in expedition cruising. Her large suites, her destination itineraries and her unparalleled service make her truly special. Her four dining options will tantalise your taste buds and as 80% of her suites include a veranda, watching a breaching whale or a few cavorting penguins has never been so personal. A limited number of guests in polar waters, mean that Silver Cloud has one of the highest crew to guest and space to guest ratios in expedition cruising. With her 20 zodiacs, 10 kayaks, possibilities are almost limitless with ship-wide simultaneous explorations.
